

Jeff,

I just wanted to drop you a note to tell you that your Oak Grove HS Interact Club helped us serve 900 meals to Special Olympic athletes, coaches, and volunteers Saturday at the Regional Spring Games. OGHS Interact previously helped us serve 250 meals in October at their own school for the Powerlifting competition. Outgoing President Linn Chung and incoming President Sophia Huynh brought 12 additional volunteers and worked from 9-1pm. They did an outstanding job cooking and wrapping hot dogs, preparing the lunch bags, and distributing lunches to the aquatics, tennis, and track & field venues. And of course, they were so much fun to be around.

Here are some pictures (Sophia is cooking hot dogs).

I was very impressed with Alaine Flandez. I understand she is attending RYLA and will be the incoming ASB President. Her RYLA experience should serve her well.

Sophia said she could not apply for RYLA because she is an incoming Junior. I want to let you know she is very interested in applying for Interact 5170 District Council as a Senior. I hope she will get strong consideration for RYLA next year even though she will already have been club President. She has tremendous leadership potential.

So I just wanted to report that Oak Grove Interact is awesome.

Let me know how things are going with Valley Christian.

Take care.
